SOCIAL EVENTS

For over ten years I annually lend my residency for the cocktail that follows the Conferência Internacional de Arbitragem do Rio de Janeiro, currently organized by João Bosco Lee, Lauro Gama and Maurício Almeida Prado, being the organizers responsible for the guest list.

I also hold similar annual events on the occasion of the Encontro Internacional de Arbitragem de Coimbra since 2016 and, with some regularity, at other times (*v.g.* birthdays), as it happened in 2019 after the Congresso Internacional CBMA de Arbitragem.

All those events gather countless lawyers, both from national and foreign law firms and companies. In fact, I know the vast majority of lawyers that act in arbitration and hold a certain degree of friendship with most of them. However, I have no close personal friendship with nearly all of them.
