Batista Martins Advogados is a law firm specialized in dispute resolution through arbitration that has extensive experience in the process and conduct of all types of arbitration proceedings.

Batista Martins Advogados uses a boutique office structure and has a fully integrated and experienced team. This structure allows the firm to provide clients with a personal service that gives greater attention to their needs. The firm's lengthy involvement in the development and practice of Brazilian arbitration has allowed them to acquire extensive knowledge and understanding of the field's main players and attorneys, which gives the firm a unique advantage. The dedication of its team and the direct involvement of its founding partner - Pedro A. Batista Martins – enables the firm to provide clients with a customized experience that results in sophisticated and efficient legal solutions.

Pedro A. Batista Martins is repeatedly listed in international directories as one of the most important lawyers in arbitration in Brazil. He has been honored for his contributions to the development of arbitration in Brazil by the Federal Council and the Rio de Janeiro Sections of the Brazilian Bar Association, and by the National Council of Mediation and Arbitration Institutions - CONIMA.
